The Guiding Principles to Academic-Practice Partnerships

AACN Practice Alerts are directives to guide evidence-based nursing practice within the context of a healthy work environment. These alerts are based on published evidence and guidelines. AACN creates each alert in collaboration with nursing subject matter experts and completes the process with reviews by nurses like you.

Practice Alerts - AACN

AACN TeleICU Nursing Practice includes revised practice definitions, a refined practice model, and vignettes that demonstrate the impact of tele-ICU. Practice definitions have been updated and expanded to reflect the current state of tele-ICU nursing practice, which reaches 18% of all ICU patients. In addition, this updated document more clearly describes the roles of the tele-ICU nurse, the nurse leader, and the health care organization.
