Title: Chapter 14 Work, Power, and Machines. 1. Chapter 14 Work, Power, and Machines. Physical Science. 2. Work and Power 14.1. Work done when a force acts on an object in the direction the object moves. Requires Motion.

~~PPT—Chapter 14 Work, Power, and Machines PowerPoint ...~~

14-2 A machine is something that changes a force and makes work easier. Machines may change a force in three ways. 1. increase the size of the force; 2. change the direction of the force; 3. increase the distance over which the force acts. The force you put into a machine is the input force. The distance over which the input force acts is the input distance. The work you do on the machine is the work input.
