Las oraciones son sinónimo de esperanza si son realizadas con la convicción de que sean escuchadas y respondidas. La necesidad de la comunión entre Dios y el hombre motiva las oraciones. Algunas de las cuales han sido recopiladas en este libro para ayudar a todos aquellos que tienen la necesidad de un acercamiento profundo con Dios o que simplemente, desean mantener una comunicación con el Creador. En estos tiempos en que lo común es no creer en nada, hemos olvidado cómo orar, hemos perdido la práctica de la oración sin tener en cuenta que cuando lo hacemos, creamos un lazo espiritual muy profundo con el Ser Supremo y un equilibrio interno entre cuerpo y espíritu.

One of the first books to explore the unique tradition of Dominican shamanism, the magical practices called the 21 Divisions. Like all forms of Caribbean Voodoo, practitioners of the 21 Divisions believe in one God, a distant God that doesn't get involved in human affairs. Followers of this Dominican spiritual tradition believe that God created intermediaries to help humans, beings known as Los Misterios. The Misterios are powerful beings with rulership and dominion over universal forces and human conditions. Practitioners of the 21 Divisions have ways of connecting with the Misterios to achieve success in life, improve their careers, resolve love and relationship issues, heal illness, and much more. Filled with detailed insider information and real stories of healing, magic, and mystery, this book will serve as an illuminating guide to the 21 Divisions. Hector Salva - one of the foremost authorities on the practice of the 21 Divisions - offers his insights into: The history and foundations of Dominican Voodoo The major Misterios, or spirits, of the 21 Divisions Ceremonies, rituals, and magical spells How to get started on the path of the 21 Divisions

When two "grave and serious" spirits began speaking to a French academic through two young mediums and "completely revolutionized [his] ideas and convictions," Allan Kardec decided to set down these spiritualistic revelations. The result electrified the high society of the mid 19th century, which was already fascinated by "spirit tapping" and other paranormalities, and earned Kardec-a pseudonym his spirits commanded him to use-a place in this history of the paranormal as the father of spiritism. Kardec "interviews" the spirits, asking more than 1000 questions about morality, the nature of the soul, the history of humanity, and more, including: . "Is the soul reincarnated immediately after its separation from the body?" . "Does the spirit remember his corporeal existence?" . "Could two beings, who have already known and loved each other, meet again and recognise one another, in another corporeal existence?" . "What is to be thought of the signification attributed to dreams?" . "Are good and evil absolute for all men?" . "What is the aim of God in visiting mankind with destructive calamities?" . "Is it possible for man to enjoy perfect happiness upon the earth?" Promising nothing less than the secret of the destiny of the human race, this extraordinary book, first published in 1856, is as curious today as it was a century and a half ago. French scholar HIPPOLYTE LEON DENIZARD RIVAIL (1804-1869), aka Allan Kardec, was a longtime teacher of mathematics, astronomy, and other scientific disciplines before turning to the paranormal.
