Discovery Learning Vs Traditional Instruction

I've seen people using the terms "inquiry based learning" and "discovery based learning" as though they are interchangeable. They're not. And here's why. Let's forget about that fact that discovery learning doesn't actually exist for a moment and pretend that it does, at least in the way that some people believe it does.

Why Inquiry Based Learning is Not Discovery Learning ...

Early research demonstrated that directed discovery had positive effects on retention of information at six weeks after instruction versus that of traditional direct instruction. It is believed that the outcome of discovery based learning is the development of inquiring minds and the potential for life-long learning.
