and many other products basic to home and business needs. In addition, the pharmaceuticals industry is often included when discussing chemicals. Commodity chemicals, specialty chemicals and custom manufacturing are important sectors of the business. Our new Plunkett's Chemicals, Plastics & Coatings Industry Almanac covers these sectors in detail. Our coverage includes business trends analysis and industry statistics. We also include a chemicals, plastics and coatings business glossary and a listing of industry contacts, such as industry associations and government

agencies. Next, we profile hundreds of leading companies. Our company profiles include complete business descriptions and up to 27 executives by name and title. The CD-ROM that is included with the book versions enables you to search, filter and view selected companies and organizations. Once selected, company contact data from the CD-ROM can be exported to create mailing lists. The exciting new book covers competitive intelligence, market research and business analysis--everything you need to know about the chemicals and plastics business.

juries have followed them, and appeals courts have tested them. Each instruction cites supporting case law, including relevant law review articles and annotations to American Law Reports, to save time and effort in finding support for your request. Jury Instructions on Products Liability explains the issues for the layman, translating complex legal issues into everyday language. Tailor each instruction to fit the unique details of your case and fine-tune the issues to assert more control over jury deliberations. Jury Instructions on Products Liability includes hundreds of instructions

Introduces students to marketing through a managerial/strategic focus while addressing current AACSB guidelines regarding issues such as multiculturalism, ethics, quality, the environment and internationalism.

Organization presents global marketing, basic marketing strategy and ethical/societal issues early, focusing on how these factors impact a firm's attempts to gain a competitive advantage. These topics are then integrated throughout the text. New chapters have been added on the micro and macroenvironment and on sales promotion and
