How To Be Invisible is a must read for anyone living today. In it, the author provides means and methods for the average citizen to protect himself/herself from all that is out there. I am not entirely committed to some of his ideas and/or principles, but, for the most part, they have been tried and are true methods to protect oneself.

More Invisible Than You Think . Though you may not be able to rig up a virtual reality situation in your own life to practice being invisible, you could instead do some behavioral experiments to test out exactly how much other people notice what you are doing. In other words, act silly on purpose to see what reaction you get.
