Considerado um dos maiores autores da literatura norte-americana, Mark Twain explora em *As aventuras de Huckleberry Finn* questões sérias sobre problemas sociais, políticos e morais com que precisou lidar durante a guerra civil dos Estados Unidos, muitos dos quais ainda estão presentes nos dias de hoje. Ao escapar do pai violento e se refugiar em uma ilha, Huck Finn aproxima-se de Jim, um escravo fugido, e desenvolve com ele uma sólida relação de amizade. Em busca de liberdade, a dupla começa uma viagem pelo leito do rio Mississippi, e a cada parada envolve-se em inusitadas aventuras. Além da voz infantil de um narrador que desce em fuga pelo Mississippi, Twain desenvolve uma segunda história, que destaca a inocência perdida de uma criança. Nesta edição de bolso foi mantido o caráter de oralidade que permeia todo o texto e que varia de acordo com a região e a origem social de cada personagem. Uma deliciosa sátira social, recomendada para todas as idades.

Novel based on Pirates and buried gold of Treasure Island (Imaginary place).

Get to know the Spiritist concepts with an easy reading. Can we remember past lives? Is there life on other

planets? Can we see the future in our dreams? How is life after death? Where is God's law written? Which are the powerful prayers? How can we ward off evil spirits? Who was Chico Xavier and Allan Kardec?

Conflicts between foreign investment law and environmental law are becoming increasingly frequent. On the one hand, the rise of environmental regulation poses significant challenges to foreign investors in several industries. On the other, the surge in investment arbitration proceedings is making States aware of the important litigation risks that may result from the adoption of environmental regulation. This study of the relationship between these two areas of law adopts both a policy and a practical perspective. It identifies the major challenges facing States, foreign investors and their legal advisers as a result of the potential friction between investment law and environmental law and provides a detailed analysis of all the major legal issues on the basis of a comprehensive study of the jurisprudence from investment tribunals, human rights courts and bodies, the ICJ, the WTO, the ITLOS, the CJEU and other adjudication mechanisms.
