Robert Peurifoy was a giant in the field of construction engineering and authored several books during his lifetime. This book last published in 1989 and will capitalize on the well-known name of the author. In this edition, computer calculations of costs and of modeling have been added as well as updated statistics, computer related examples and new problems. Civil, Environmental, and Construction Management Engineering Majors and Professionals will benefit from having this title on their shelf.This edition retains the conceptual strengths of the Peurifoy approach and organization from the previous edition but the new problems and computer-based examples and new up-to-date construction data make it the only choice in academia or industry.

Your Words Have Power DIVIf you want your life to change, it all starts with what you think and say. In her authoritative, declarative style, Cindy Trimm helps you achieve victory over your circumstances through spoken declarations that activate God's power.You will put meaning and purpose back into your life when you positively direct your thoughts, words, and actions toward the realization of your goals. Begin each day by commanding your morning. As you do, know that whatever begins with God and His principles, has to end right./div

A look at the German High Command during World War II challenges the myth that the German Generals could have won the war had Hitler not interfered, and maps out the history and the personalities of the German Command Structure.

More information to be announced soon on this forthcoming title from Penguin USA

Taking a panoramic approach to the oeuvre of a major French writer who died of AIDS in 1991, and treating his post-diagnosis work separately, Boule (French studies, Nottingham Trent U.) concludes that Guilbert created a new literary genre, the roman faux, with the publication of his 17th book: To the Friend who did not save my life (1990)--scandalous due to its alleged portrayal of philosopher Michel Foucault's dying of AIDS. References are mostly in French. Indexed by name only. Distributed in the US by ISBS. Annotation copyrightd by Book News, Inc., Portland, OR

The Collected Works of Witness Lee, 1959, volume 3, contains messages given by Brother Witness Lee in September through December 1959. Historical information concerning Brother Lee's travels and the content of his ministry in 1959 can be found in the general preface that appears at the beginning of volume 1 in this set. The contents of this volume are divided into four sections, as follows: 1. Personal notes consisting of two sets of outlines for gospel meetings held in Taipei and Kaohsiung, Taiwan, in September and November 1959. These notes are included in this volume under the title Witness Lee's Personal Notes. 2. Twenty-five messages given in Taipei, Taiwan, in the fall of 1959. These messages were previously published in a book entitled Lessons for New Believers and are included in this volume under the same title. 3. Five messages given in Taipei, Taiwan, in the first part of a training that began on October 5, 1959, and concluded on January 22, 1960. Chapters 1, 2, 4, and 5 were previously published in a book entitled On Knowing the Bible. Chapter 3 was added based on notes taken by Brother K. H. Weigh and his wife, Lin Yi-tian. The messages that compose the first four chapters were given on October 6 through 9, 1959, and the fifth message was probably given shortly thereafter. The five messages are included in this volume under the same title as the previously published book. 4. Ten messages given in Taipei, Taiwan, in the second part of a training that began on October 5, 1959, and concluded on January 22, 1960. These messages were previously published in a book entitled Ten Lines in the Bible. Later, two appendices were added based on notes taken by Brother K. H. Weigh and his wife, Lin Yi-tian. The exact dates for the speaking of these messages are unknown, but they were given in the winter of 1959. The ten messages and the two appendices are included in this volume under the same title as the previously published book.

Due to the emergence of IFRS as the required convention for reporting to stock exchanges in the European Union and other important markets, accountants must gain a strong understanding of these standards. Intermediate Accounting integrates this new information throughout the chapters so they'll learn how to apply the new global accounting standards. Global examples are presented to clearly show how the information is utilised in the field. The use of various currencies is also explored, which is critical for accountants to know in today's global businesses environment.
