The Legend of Zelda Instruction Manual - Zelda Dungeon Wiki

The Legend of Zelda. The initial title's manual has been one of the most detailed to date. This may have been to make up for the lack of in-game text. Every dungeon, Boss, Item, and Enemy was named and included artwork of each. Zelda II: The Adventure of Link. This manual also contained more backstory than the actual game.

Manuals. The Legend of Zelda was a truly epic adventure when I was growing up. But a big part of the experience was not in the game itself, but the instruction manual that came with it. Unlike a lot of other games (especially Atari games), the Zelda instruction manual was big, in full color, and had tons of awesome art.

In general, characters, items and locations of the Legend of Zelda series should have their own article. However, some items that mostly share the same function, such as Essences of Nature have all been put in one page. This does not always apply, and should always be thoroughly discussed prior to creation, if possible.
