'Straight Whisky' is the first book ever to chronicle all the music, magic and mayhem of the Sunset Strip. Erik Quisling and Austin Williams have created a unique multi-levelled portrait that is unlike any other rock book on record. With its sweeping historical analysis and down and dirty details, 'Straight Whisky' pulls no punches and leaves no stone unturned. Quisling has drawn upon extensive research to chronicle the ways in which music on the Sunset Strip has both shaped and reflected the American experience since 1964. Williams has chosen sixteen of the most memorable events from the period and developed them into dramatic narratives that offer an intensely intimate view of this incredible story. Together, along with dozens of rare photos and original interviews with the rock stars who were there when it all happened, these perspectives provide a comprehensive look at the most famous stretch of rock 'n' roll real estate on Earth: the famed 'rock block' of Sunset Boulevard. Here are the stories that have been whispered about for decades. Now they can be told out loud for the first time.

Beauty Meets Beast in San Francisco Accepting employment as a governess after hard times hit her family, medieval scholar Rosalind Hawkins is surprised when she learns that her mysterious employer has no children, no wife, and she is not to meet with him face to face. Instead, her duties are to read to him, through a speaking tube, from ancient manuscripts in obscure, nearly-forgotten dialects. A requirement for the job was skill in translating medieval French, and she now understands the reason for that requirement, and assumes her unseen employer's interest in the descriptions of medieval spells and sorcery is that of an eccentric antiquary. What she does not realize is that his interest is anything but academic. He has a terrible secret and is desperately searching for something that can reverse the effects of the misfired spell which created his predicament. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

In 1973 Las Vegas a two-bit film producer meets a low-rent hustler peddling a raunchy home movie starring Hollywood's most famous blonde. What looks like easy money, though, sends them running from Vegas to Tinsel Town to Tijuana and ultimately to a dangerous man who will solve their problems one way or another.

Grindhouse director Sheldon Meyer is cultivating an obsession. He has just one hellish week to shoot "Crimson Orgy," seventy-six minutes of mayhem destined to become the world's most notorious cult movie... and just maybe the first true "snuff film" ever made. Struggling to cope with a reluctant starlet, a booze-ravaged leading man, a backwoods cop bent on revenge, a mutinous crew, a devastating hurricane, and his own inner demons, Meyer relentlessly pursues a vision of unrivaled box office horror. He gets what he's after, but at a price no one could imagine!

A complete, practical guide to the visual arts, fully restyled and revised for a new generation of artists. Complete practical reference Packed with essential information, and featuring over 1000 full-colour illustrations, this is the definitive guide to the tools, materials and techniques of the artist's craft. Latest technical innovations Ray Smith presents an invaluable pictorial library of the basic skills, as well as providing instruction and inspiration of using more challenging creative techniques. Full-colour step-by-step photographic sequences demonstrate the best way to build up simple or more complex pieces of work, and there are helpful tip boxes throughout. This revised edition sheds new light on advances in many areas of art practice, with expanded sections on the applied arts and additional material on digital imaging, printmaking and public art. For enthusiastic beginners and accomplished artists alike, The Artist's Handbook is an indispensable source of information and inspiration.

"In this richly illustrated volume, Karl Ludvigsen takes the reader behind the scenes of the creation of the greatest V12 engines, recalling the effortless urge of the luxurious Hispano-Suiza of the 1930s and the scintillating surge of Lamborghini supercars of the 1960s. From exotic Auburns, Packards and Pierce Arrows in America to Europe's Ferraris, Lagondas and Delahayes, The V12 Engine is a lavish feast for car enthusiasts who relish the untold facts behind the story"--Provided by publisher.

"How do I know I covered all the requirements? Where do I begin? When should I stop? Did I miss something that will result in unpleasant surprises down the road?" If you are a Business Analyst, these questions will certainly mean something to you. You've probably asked yourself these questions at one point or another when you were assigned your early requirements development tasks. In this book, I introduce

a requirements development roadmap that will guide you from start to finish. It is a plan carefully prepared and organized around consecutive stations. At each station, I tell you:1. The target objective, and why you need to think about that particular objective at that specific point in time2. Which elicitation techniques will best serve the objective, and which questions to ask in order to capture the information you need3. Which analysis tools to apply in order to analyze the information from different angles4. How to document the output of the exercise that you just performed
