Time is precious. It's sacred. Just 24 hours in a day. That's all we get.

Not one person on this earth has more time than that. No matter their age, occupation, religion, color of their skin or where they live. Time is the greatest equalizer because not a single person can have more of it. It can never be

recreated or re-spent. It exists once, then it's gone. So, why passive income is so important?

Because time is more valuable than money. Passive income is where you get paid multiple times, over and over again for work you only did once. But creating the multiple income sources isn't a short-term money making strategy. You
