Rare and Commonplace Flowers —a Brazilian bestseller—tells the story of two women. Elizabeth Bishop, the Pulitzer Prize – winning American poet, sought artistic inspiration in Brazil. There she met and fell in love with Lota de Macedo Soares, a self-trained Brazilian architect. This dual biography—brilliantly researched, and written in a lively, novelistic style—follows their relationship from 1951 to 1967, the time when the two lived together in Brazil.
