fundamental debates of our time: How will 10 billion humans live sustainably on Earth, when our demands for energy and food are growing?

---

The Wizard and the Prophet: Two Remarkable Scientists and ...

The Wizard is Norman Borlaug, a son of Swedish immigrants to the mid-West, who declared that innovation was necessary for humans to survive a population explosion and the demands of the environment. The Prophet is William Vogt, a self taught but well recognized ornithologist, who warned without cuts and changes in behavior, the human species could die off like other species have.

The Wizard and the Prophet: Two Remarkable Scientists and ...

The Wizard and the Prophet doesn't take sides, but walks the reader through what both "dueling" scientists and their disciples would argue are the best solutions for the greatest threats facing humanity today: access to food, fresh water, and energy, and, of course, managing climate change. No matter which path we choose, it will radically transform human society as we know it today.
