Amazon.com: Venture Capital and the Finance of Innovation ...
Venture capital financing is a type of funding by venture capital. It is private equity capital that can be provided at various stages or funding rounds. Common funding rounds include early-stage seed funding in high-potential, growth companies and growth funding. Funding is provided in the interest of generating a return on investment or ROI through an eventual exit such as a merger and acquisition,, or Initial public offering, of the company. Venture Capital can be made in four methods: 1 Equi

Venture capital financing - Wikipedia
The venture capital investment is made when a venture capitalist buys shares of such a company and becomes a financial partner in the business. Venture Capital investment is also referred to risk capital or patient risk capital, as it includes the risk of losing the money if the venture doesn't succeed and takes medium to long term period for the investments to fructify.
